

Pet Food Pantry
How to make appointments for members of the public:

The Enrichment Leads will be the point people for the Pet Food Pantry. So in addition to helping with prep and distribution days when you're working, you'll be handling the PFP cellphone and email account. Systems will share access to the email with you. Here is cellphone info:

We are asking members of the public to use the online scheduling tool to make their own appointments. However, if they don't have internet access or need more help, they can call the cellphone for the Pantry and make an appointment. Please check the cellphone daily for voicemails. I would suggest we store it, plugged in, at Arlene's desk.

The cellphone # for Chesterfield is 213-326-2788.

The cellphone # for East Valley is **213-264-8985**.

The passcode to unlock both is 1596
